

Procom - One of Canada's 50 Best Managed Companies

 Toronto, February 16, 2010

Procom is pleased to announce that it has been honoured for the fourth consecutive year as one of Canada's 50 Best Managed Companies.

Established in 1993 by Deloitte & CIBC, Canada's 50 Best Managed Companies is the country's leading business awards program, recognizing excellence in Canadian-owned and managed companies with revenues over \$10 million. Every year, hundreds of entrepreneurial companies compete for this designation in a rigorous process that evaluates the calibre of their management abilities and practices.

"Recognition by the leading firms that sponsor the program is a significant honour and appreciated greatly by myself and the entire team at Procom," says President & CEO Frank McCrea. "We believe that our consistent application of best practices has created a strong foundation that has enabled us to weather the recent economic downturn and emerge stronger than before."

In 2009 the IT staffing industry experienced a downturn affecting the demand for Procom's core services. By reacting to the market and adapting its offerings Procom overcame economic adversity and developed closer relationships with its clients. The award is validation of the strong leadership and vision of Procom's management team. Procom would like to thank its clients, consultants and employees for their continued support.
